## HEELS TOGETHER: WOMEN STEPPING UP

*We have the opportunity to focus on women-led solutions by providing leadership and stewardship in identifying the needs and supporting solutions.*

*Together, we can unite money, ideas and actions to create lasting change for women and girls, their families and our community.*

*We are creating a solid foundation for women-led change in the lives of women and girls and, as a result, their families and community. Heels Together is a catalyst, identifying challenges, marshaling resources and pursuing opportunities in Central Kentucky.*

*Heels Together is dedicated to increasing support in Central Kentucky for programs serving women and girls.*

*Heels Together was established within Central Kentucky Community Foundation in 2014 by a group of community minded leaders who wanted to invest in long-term solutions for transforming the lives of women and girls and improving the well-being of our entire community.*

Heels Together is led by community spirited women and funded by people who value and want to be part of women-led solutions for women and girls. Each person invests \$1,000 annually in Heels Together.

Half of the investments are set aside in an endowment and half of the investments are used for annual grantmaking.

The endowment, a fund which preserves the initial investment and only spends the earnings, provides for the forever impact of Heels Together.

Annual grantmaking puts our beliefs and desires for women and girls in our community into action today.

At the annual Heels Together banquet, investors have the opportunity to see presentations from grant finalists and vote to select the winner.

### **Heels Together awards grant funding to programs addressing:**

- Achievement of economic self-sufficiency for women
- Prevention of violence and crime against women and girls
- Promotion of health and physical well-being and talent for women and girls
